ABOUT ECOFLO  
[ECOFLO.LINK/YOUTUBE](https://www.ecoflo.com/learn-more)

## INSTALLED FOR LIFE

- easy installation
- never needs to be moved or replaced
- never damages your landscaping

## PEACE-OF-MIND PERFORMANCE

- 24/7 autonomous operation
- never clogs your soil or contaminates your property
- worry-free warranty

## COMPACT AND DISCREET

- up to 50% smaller than traditional systems
- blends into your landscaping
- odorless

## BEST LONG-TERM INVESTMENT

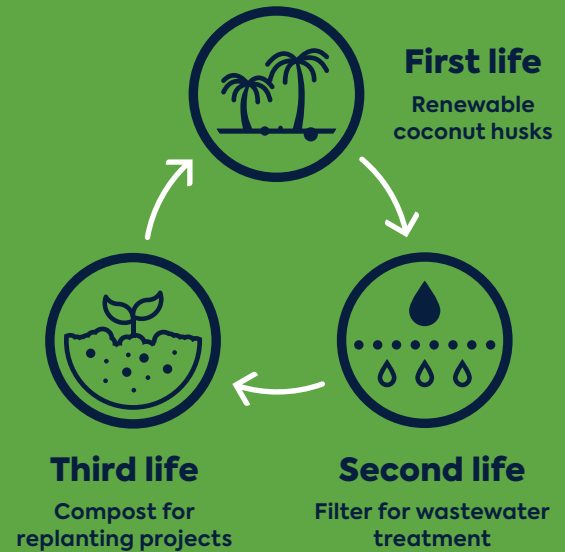

- maintains the selling value of your property
- no energy bills for wastewater treatment
- no high-priced repairs or hidden costs
- no system replacements

## SPECIALIZED TREATMENT OPTIONS

- UV disinfection
- nitrogen reduction
- phosphorus removal

## NATURAL, RENEWABLE, COMPOSTABLE FILTER

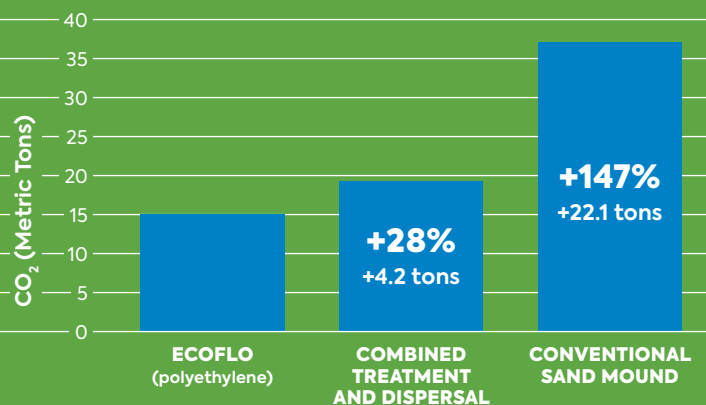

Ecoflo uses a filter made of coconut husk fragments, a renewable byproduct that is ideal for removing wastewater pollutants. Used coco filters are 100% compostable.

## LOWEST CARBON FOOTPRINT

From production and shipping to installation, maintenance, and usage, Ecoflo has the lowest carbon footprint of any product on the market – and the numbers to prove it.

### Total after 50-year life cycle

### Notes

- Based on analysis of septic installations in Pennsylvania.
- Systems installed in very-low-permeability soil and rated for four-bedroom homes.
- Distances between installations and required materials assumed to be 40 miles (65 km) for filtration sand and stone, 20 miles (33 km) for backfill.
- Ecoflo installations include final dispersal to at-grade bed.

# WORRY-FREE WARRANTY

Proudly standing behind our products since 1995

- concrete, polyethylene, and fiberglass tanks
- coco filters
- components and replacement parts\*
- labor

\* Two years for pumping components and labor, if applicable.

## ANNUAL MAINTENANCE

We have a coast-to-coast network of professionals, trained by us to maximize the life of your coco filter and protect your investment in your septic system.

- 15-point inspection
- coco filter aeration to promote healthy bacterial activity
- coco filter scarification to ensure optimal biofiltration

## GUARANTEED FILTER PERFORMANCE

We replace coco filters after 10 to 15 years to guarantee Ecoflo always protects your property and the environment.

- no excavation required
- no damage to your landscaping
- used coco filters are 100% compostable (unlike petroleum-based filtering media)

## MAKING A DIFFERENCE FOR WATER AND THE ENVIRONMENT

At Premier Tech, People and Technologies connect in lasting, transformative ways, giving life to products and services that help feed, protect, and improve our world.

Our team of experts constantly innovates, redefining what is possible through effective, efficient, and sustainable solutions. Driven by a shared passion, we are committed to protecting our resources for the future.
